

[Mladinski simfonični orkester Ukrajine](#) je edinstven projekt, ki združuje nadarjene mlade glasbenike iz vse Ukrajine, stare od 12 do 22 let, z neustavljivo energijo, ljubeznijo do glasbe in voljo, da se razvijajo.

V začetku leta 2016 so tri nemške partnerske ustanove, *Beethoven Fest Bonn*, *Bundesjugendorchester Bonn* in *Deutsche Welle* zaprosile Oksano Lyniv in jo povabile kot dirigentko na svoj letni *Campus project*, ki združuje mlade glasbenike iz Nemčije in iz tujine. V pogajalskem procesu za program in udeležence je Oksana Lyniv predlagala idejo za ustanovitev Mladinskega simfoničnega orkestra Ukrajine, kakršen je Federativni mladinski orkester Nemčije.

Vse strani so idejo podprle in razvile načrt za ustanovitev edinstvenega mladinskega simfoničnega orkestra Ukrajine, ki bi združil najboljše glasbenike iz obeh držav. Projekt ustanovitve Mladinskega simfoničnega orkestra Ukrajine v letu 2016 je bil izveden ob podpori Federativne republike Nemčije, Goethe-Instituta, Ministrstva za kulturo Ukrajine, *BeethovenFest Bonn* in v sodelovanju s festivalom *LvivMozArt*. Medijski partner projekta je *Deutsche Welle*. 11. in 12. decembra 2016 je potekala prva avdicija glasbenikov. Prispelo je 166 vlog dijakov rednih in specializiranih glasbenih šol, višjih glasbenih šol in akademij.

Trideset jih je bilo izbranih za udeležence Mladinskega simfoničnega orkestra Ukrajine. Prvi koncerti novega orkestra so bili skupaj z *Bundesjugendorchester* 25. avgusta 2017 ob zaključku mednarodnega festivala klasične glasbe *LvivMozArt* v Narodni operi Lvov, naslednji dan pa v Nacionalni filharmoniji Ukrajine v Kijevu. Od 15. do 16. septembra 2017 sta orkestra nastopila na *BeethovenFest Bonn* v Bonnu in v Berlinu. Program koncertov je vključeval *Uverturo* Franza Xaverja Mozarta ter klasična dela nacionalnih skladateljev iz Ukrajine in Nemčije, skladbe Ludwiga van Beethovna in Borysa Liatoshynskyja. Za koncerte v Nemčiji je po naročilu medijskega partnerja projekta *Deutsche Welle* lvovski skladatelj Bohdan Sehin napisal *Galicijsko fantazijo* za sedem harmonik in orkester. Projekt vključuje mlade glasbenike iz vseh regij Ukrajine, ki so učenci ali študenti glasbenih šol.

[Youth Symphony Orchestra of Ukraine](#) is a unique project that brings together talented young musicians from all over Ukraine aged 12 to 22 with unstoppable energy, love for music, and willingness to grow.

In the early 2016, three German partner institutions, *Beethoven Festival Bonn*, *Bundesjugendorchester Bonn*, and *Deutsche Welle* made a request to Oksana Lyniv and invited her as a conductor to their annual *Campus project* that brings together young musicians from Germany and internationally. In the negotiation process for the program and the participants, Oksana Lyniv suggested an idea to create a Youth Symphony Orchestra of Ukraine like the Federative Youth Orchestra of Germany.

All parties supported the idea and developed a plan to create a unique Youth Symphony Orchestra of Ukraine that would bring together the best musicians from both countries. The project to create the Youth Symphony Orchestra of Ukraine in 2016 was implemented with support of the Federative Republic of Germany, Goethe-Institut, Ministry of Culture of Ukraine, *BeethovenFest Bonn*, and in partnership with the *LvivMozArt* festival. Project media partner: *Deutsche Welle*. December, 11–12, 2016, the first auditioning of musicians took place. 166 applications were submitted by pupils of regular and specialized music schools, music colleges and academies.

Thirty of them were selected to become participants of the Youth Symphony Orchestra of Ukraine. The first concerts of the new orchestra took place jointly with the *Bundesjugendorchester* on August, 25, 2017, at the closing of the International Festival of Classical Music *LvivMozArt* in Lviv National Opera, and on the next day – in the National Philharmonics of Ukraine in Kyiv. On September, 15–16, 2017, the two orchestras performed at the *BeethovenFest Bonn* in Bonn and in Berlin (Germany). For the program of concerts, it was chosen to play the overture by Franz Xaver Mozart, and classic works by national composers from Ukraine and Germany — the pieces by Ludwig van Beethoven and Borys Liatoshynskyi. For concerts in Germany, as commissioned by the project media partner *Deutsche Welle*, a Lviv composer Bohdan Sehin composed a special piece “Galician Fantasy” for seven accordions and orchestra. The project invites young musicians from all regions of Ukraine who are pupils or students at music schools.
